

Order details for IQ80xL Straight Flexi circuit v1.0

Contact: Eric Hazen <hazen@bu.edu> for details

To place order:

1. Create account at jlcpcb.com if needed
2. Navigate to jlcpcb.com
Log in
3. Select **Capabilities** → **Flex PCB**
4. Scroll to bottom, select **Get Instant Quote**
5. Select **Add gerber file**
upload the file **flex-IQ80xL-straight-V1.0.zip** attached to email
A progress box should complete, and the price should show about \$27.50
6. Change “Stiffener” from “Without” to “Polyimide” and select “0.20mm”
Confirm that options are as shown. Price should increase to \$35.74.
